Namibia Hunting Safaris operates now for more than 30 years. Hunting takes place on our ranch which is the first and oldest hunting farm in Namibia, trophy hunting started here in Namibia, since 1961. I run a personal and sustainable hunting operation with a limited number of clients per year. It is not a big hunting operation, we keep it small and individual.

Way of hunting. We drive into the hunting area (14000 ha or 35 000 acre) and as soon we spot the game we continue to hunt by foot. We are a member of the **Khomas Hochland Conservancy** (180 000 ha or 450 000 acre) and also the **Windhoek Green Belt**. The area is regarded as free of malaria.

General: On the guest farm, with a breath taking view on a dry river bed, we offer a variety of additional activities, in case you like to come with your family: 1. A game drive, with 20 different species like Hippo, Giraffe, Sable antelope, Zebra, Oryx etc. 2. guided horse riding, 3. different walking trails (1 hr to 5 hr) and 4. exceptional good leopard and cheetah drive 5. scenic early morning mountain drive.

For our summer month we have a big swimming pool, and for dinner safari type african thatch roofed lapa. (Lapa= eating place), or in winter a dining room with fire-place in colonial style. At our reception and in the yard we offer free Wi-Fi and different drinks, coffee and tea. The close proximity to Windhoek (50 km) and the international airport (90 km) safes travel time and additional travel costs.

I think the set-up invites you to take your family along and they will be well looked after, or they join you on the hunt. We speak fluently English, German, French and Afrikaans.

If you plan an additional tailor-made sight seeing safari to see more of our beautiful country we will be gladly of assistance.

Good Hunting and kind regards

Johann Vaatz
